

Carissa Christensen Bio

Carissa Christensen is an internationally recognized expert on commercial space and the interplay of government, military, and commercial activities in the aerospace sector.

A frequent speaker and author on space and satellite trends, Ms. Christensen is a strategic advisor to government and commercial clients. She serves on the National Research Council Space Technology Industry-Government-University Roundtable (STIGUR) advisory group to NASA. She is a Senior Advisor to the US Air Force Schriever Wargame. She also sits on the board of the Aerospace Corporation Center for Space Policy and Strategy.

Ms. Christensen is the founder and CEO of Bryce Space and Technology, a leading analytics firm. She also co-founded QxBranch, LLC, a quantum computing software firm recently acquired by Rigetti Computing. Prior to founding Bryce, Christensen co-founded and was a Managing Partner of The Tauri Group, LLC and was a partner in CenTauri Solutions, LLC, acquired by CSC in 2010.

Ms. Christensen also serves as an expert witness on space markets and business.

Ms. Christensen holds a Master of Public Policy degree from Harvard University's Kennedy School of Government, where she specialized in science and technology policy. She also completed the General Course in Government at the London School of Economics and was a Douglass Scholar at Rutgers University.

Ms. Christensen is a Fellow of the American Institute of Aeronautics and Astronautics.
